MEMORANDUM FOR: OP-922V2D/OPNAV/ONI  
ATTENTION : [REDACTED] 25X1A  
THROUGH : [REDACTED] 25X1A  
SUBJECT : Re-examination of Launch Complex H, TTMC  
REFERENCE : Requirement Y3-54-64 (DIAXX-64-53)  
(NPIC Project N 1071-64)

1. This memorandum is in response to your requirement requesting a re-examination of the erected missile on pad H2 of Launch Complex H, TTMC.

25X1D

2. The original data compiled during the [REDACTED] was re-examined and the original diameter of 15 feet (maximum) remains valid. However, scale of photography and position of the missile shadow precludes an accurate answer concerning small differences between the diameters of the first and second stages.

3. This project is considered to be complete.

[REDACTED] 25X1A

Assistant for Photographic Analysis, NPIC
